

19 January 2023

Dear Pastor,

I am writing to introduce you to Brother Bill Lavender and his family and to give my recommendation, as their pastor, to be considered for missionary support.

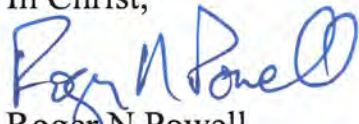

Brother Lavender has spent many years faithfully serving our country in the United States Army and is uniquely qualified to follow God's call to the ministry of planting churches in military communities.

Bill and Heather and their boys joined our church in September of 2022. We have the privilege of not only being their home church but also to serve as their sending church. The Lavender's are a faithful family. In 2022 they went through one of the deepest valleys a family could experience, the death of their daughter. I was able to see that through their profound grief, their faith in God and their commitment to serve Him as missionaries to military churches was unshaken.

I would sincerely encourage you to pray about adding the Lavender's to your missionary team. Of course, if you have any questions at all, please do not hesitate to contact me.

God bless you!

In Christ,

Roger N Powell

Senior Pastor
