DANIEL & RAQUEL AKUOKOH

Hello Friends,

It's been tough adjusting to the changes implemented in our country since I last wrote to you all. Despite the difficulties we know God is still on the throne and He has continued to look after His own. My wife and I have had so many prayers answered over the last two months. Our faith grows daily as we see the hand of God move in our lives and in the lives of our family members and friends.

We began part time deputation on May 24th and have had several meetings since then. Our weekends are filled with meetings from now all the way through the middle of August and God continues to open doors for us as I make phone calls. The meetings we have had so far have been nothing short of a blessing and encouragement to both of us. Sharing our call, burden, and testimony with the pastors and their congregation is a real blessing. The encouraging part is the motivating comments we receive afterwards.

God allowed us to make contact with a former missionary family to Ghana, who had already started translating the King James Bible into the Twi language for the Ghanaian people. The missionary was not able to complete the work, so he asked me if that would be something I'd like to continue... I said 'yes', off course! This was an answer to a prayer I had been praying for almost two years. Ghana has a few translations of the Bible in different dialects, but sadly none of them are translated from the KJV. It is a challenging task, so I'm praying for strength, wisdom, and guidance.

Candidate School has been rescheduled for July 26th-31st. We're looking forward to increasing our knowledge on the practical side of the missionary lifestyle. Please continue to pray with us as we seek clarity on where God would have us start our work when we get to Ghana. We have been praying for some time and He is starting to work on our hearts about a particular region and specific people group in Ghana. We will definitely keep you all updated on this as we continue this humbling journey to serving God's people for the rest of our lives.

With much gratitude,

Daniel Akuokoh
